Marina Thomas

Sloka Iyengar, a Bharatanatyam artist and neuroscientist, brings together her two passions in Saṁbhūya. A Sanskrit word that means "through joint effort," Saṁbhūya is both a performance and a demonstration that articulates how the sciences and the arts are complementary ways of appreciating the world around us.

Saṁbhūya: Understanding the Brain Through Dance: A Bharatanatyam Recital is co-presented by the CUNY Dance Initiative (CDI), an expansive program providing New York City choreographers and dance companies with residencies on CUNY college campuses.
