Grantees were awarded two-year general support awards of \$3,000-\$25,000 annually, from January 1, 2022 through December 31, 2023, in addition to a suite of professional development opportunities valued at nearly \$172,000. Runner-up grantees received one time, flat grant awards of \$1,500-\$6,500. All eligible and complete applicants of the Dance Advancement Fund were provided an honorarium in recognition of the labor and resources required to participate in the application process.

Professional development offerings for grantees, a key component of this iteration of the Fund, are provided by program partners Gibney's Digital Media Initiative, Pentacle, PURPOSE Productions, and TrustPlus. Each grantee has access to personal one on one consultations with a focus on a variety of professional development topics, access to filming and video editing services, and individualized financial wellness coaching. Additionally, grantees will participate in cohort meetings led by program consultant Ebony Noelle Golden, and professional development workshops led by the consulting partners.

Grantees were selected by a review panel of dance workers, including members of Dance/NYC's task forces and committees, and were among a competitive pool of over 200 metropolitan New York City area dance groups who submitted application in response to an open call. Key evaluation criteria included: clear artistic vision and excellence; a dedication to sustaining practice beyond the two-year grant period, with a well-articulated narrative for how the funds will help advance the organization, and a willingness to share learning with the field; commitments and measurable actions in alignment with stated values of diversity, justice, equity, and inclusion; a commitment to paying artist and arts workers a living wage; and a diversity of dance perspectives.

Made possible by the generous support of the Ford Foundation, the purpose of the Dance Advancement Fund is to address the inequitable distribution of resources in the dance field and advance resilience by supporting dance makers with budgets between \$25,000 and \$1 million. Dance/NYC believes the dance ecology must itself be just, equitable, and inclusive to meaningfully contribute to social progress and envisions a dance ecology wherein power, funding, opportunities, conduct, and impacts are fair for all artists, cultural workers, and audiences. Dance/NYC's approach cuts across its public programs and all aspects of its operations, and it aims to advance economic justice through the Dance Advancement Fund, while recognizing that dance makers with operating budgets below \$25,000 also need support.
