Animato Art Workshop Classes

Company: Nadine Bommer Dance Company
Venue: Peridance
Location: New York, NY

Animato is Nadine Bommer's method of creation. In seeking to empower the experience of movement, Bommer creates a diversity of figures and situations which challenge the dancer into expressive and artistic freedom. This stage of dance development relies on the totality of Kinetica movement with belief in character and situation; the combination of which expand the kinetic language and produces the stunning onstage energy that has become the hallmark of Nadine Animato dancers. Similarly to Kinetica, Nadine felt the need to spread this creative process outside of the dance world; seeing how Animato developed participants creativity by uplifting their boundaries, confidence, and spirit.
