Salary Transparency on Dance.NYC Listings

In accordance with [New York's Salary Transparency in Job Advertisements law](#), all listings on Dance.NYC are required to include a good-faith salary range for every job, promotion, and transfer opportunity advertised.

What this means:

The "Compensation" field for all listings is now required.

If compensation will not be provided, your listing is considered a Volunteer opportunity. You should then follow these instructions:

- You should indicate your listing is a Volunteer opportunity by checking the "Volunteering" box under "Category".
- You must enter "0" for the "Compensation" field.

For additional guidance, visit New York Lawyers for the Public Interest and Nonprofit New York's advisory on navigating and meeting the new state and city laws.

As stated in Dance/NYC's Terms of Use, Dance/NYC reserves the right to remove a listing that does not comply with this law, and any other federal, state, and local law or regulation, including the Equal Employment Opportunity Law.
