CORONAVIRUS DANCE
IMPACT SURVEYHelp us continue
advocating for you.

We need your help to better understand how the Coronavirus is continuing to impact dance. [Take the *NEW* Coronavirus Dance Impact Survey today!](#)

Dance/NYC issued the first [Coronavirus Dance Impact Survey](#) in March at the beginning of the pandemic, however, *we need your help* to better understand the persisting effects of the pandemic on the dance community.

Your previous responses have helped us advocate for the needs of dance workers and dance organizations across the sector impacting policy, funding, and visibility for the dance field.

Please take the follow-up survey today. It should not take more than 10 – 15 minutes of your time. If you are an individual dance worker and also run an organization or fiscally sponsored group you are welcome to take both to ensure your experiences are represented in the data.

SURVEY

You can also help us spread the word, by sharing the survey through your networks. We value your participation and will continue to share your stories and advocate for your needs.

The Coronavirus Dance Impact Survey was created by Dance/NYC research consultant Carrie Blake at [Webb Mgmt](#), in collaboration with members of Dance/NYC's Staff, Board, Advisory Committee, Task Forces, and funding partners, with input from Dance/USA. If you have any questions, please contact Gregory Youdan, Research & Advocacy Coordinator at research@dance.nyc
