Mission Statement

To mirror the experiences we live through today, MDP's mission is to empower one another and marginalized communities by blending authentic stories, arts programming, and accessible events to strengthen community relationships and support systems. It is important to us that we foster connection and healing by diving head-first into works that are sensitive and conscious of the inequities and trauma built into our society.

Program Statement

By cultivating a diverse and secure environment for artists of all backgrounds, and innovating opportunities for all people to be mirrored and engaged through the arts, MDP successfully creates valuable discourse and collaboration between influential community groups. The artists and staff members of MDP are charged as community leaders that lead in social education and influence through performances and personal exchanges.
