Mission Statement

The Dancer Movement is dedicated to reimagining the experience of dance for people with disabilities. Through individually tailored dance classes with professionally trained dance instructors, The Dancer Movement provides the tools, direction, and access which are imperative in enabling the participant to dance. The Dancer Movement utilizes the craft of dance to reconceptualize the definitions of movement and ability for every person.

Program Statement

The Dancer Movement provides modified individual and small group dance classes incorporating different styles, genres, and techniques. Our tools are essential for participants to garner necessary resources to dance and thrive, regardless of level or ability. The Dancer Movement's innovative program enables participants to live their dream of dance through a different lens, while providing an equally rewarding experience.
