Hi there. I am a goth electronica recording artist. The reason I am placing this add is because I soon will be shooting the music video for the first single off my new album. The song is entitled "Modern Monsters", and you can listen to it here: www.myspace.com/alialorae. Also, check out my website at www.alialorae.com. We will be shooting at a club in downtown Manhattan. I am seeking interesting and attractive people to appear in my video, who can provide their own costumes and make-up.

In particular, I am seeking a female dancer who would be willing to play a featured role opposite one of my friends (also a female dancer). The choreography is very simple -- really, I just need someone who can move well. This person must be available one the day of the shoot, as well as for one or two rehearsals prior (at the moment, the first rehearsal is set for the 13th of August, in Manhattan.)

As the day grows closer, those of you who would like to participate will receive all the necessary details -- location and time. For those of you who are not aware, or who have not been to NYC since September 11th 2001, all office buildings now require state issued photo ID upon entry, and because there will be so many people coming to the film shoot, due to insurance, all bags will be searched. Also, keep in mind that you will have to sign a release form. Hope you can attend -- it will be a lot of fun!

Sincerely,
Alia
