Looking for intriguing, intelligent, and openminded performers for an interdisciplinary performance at a reputable NYC theater in April, created by emerging director and visual artist.

Performance will include sculptural costumes, video, live music and singing, and puppetry. The process will be intense, experimental workshop-style rehearsals.

Looking for performers with various movement interests and abilities.

There is no pay but the opportunity to be part of a unique collaborative experience with exciting artists and musicians and to perform in an amazing NYC theater.

Please send photos, performance history, and interests/aspirations in performance

Looking forward to hearing from you!
