Hey.

looking for ACTORS. and DANCERS for a farce lullaby electronic play called The Carnival.

We are casting summer workshops of The Carnival. this would allow actors/dancers the ability to grow with the creative team over the summer months. I am interested in long form rehearsals and getting to work in intimate settings with actors where there is no press to get to production but where we can take the time to explore characters and possibly to make edits to the script. Dancers would be working with a group of talented, trained, and practicing choreographers who would also be working beneath the same method.

make connections with directors. writers. composers. djs. actors. dancers. choreographers. photographers. set designers and cinematographers studying at NYU and from across Manhattan.
could possibly lead to more work in film. theater. and workshops.

no pay.

must be interested in collaborative atmosphere.

please be motivated. Available throughout this summer (for the most part. schedules negotiable).

please contact me as soon as possible for audition appointments and more information.

Eden Rory Parker.
