i am directing a short fashion film for the online publication modacycle.com. i have a wonderful choreographer who has created beautiful movement pieces based on the structure of the garments, and i'm searching for a performer who is both modern dancer and fashion model (though the dancer part is more important). she must have standard model proportions (at least 5' 8", size 2ish) and the ability to give good face to the camera, as well as be fluent in modern dance technique and able to learn and execute the choreography fairly quickly. we are planning to shoot this on june 6, but there is flexibility on the date. if you think you might be interested in this project, please email me at aeric@aericmg.com or call 917-363-1981 for more detailed information.

thanks so much
