► [Share](#) | [Print](#) | [Download](#)

SwiShwiSh Dance Company is seeking 2-3 dancers to join the company and become a part of our 2012 season. The company is looking for committed, motivated dancers who have strong modern dance technique and improvisational skills. The choreography is physically demanding; performance experience is a must.

This company is new and emerging, thus lacking in funds. This position is not for money. It is for, most importantly, the experience of working with a company and performing at important locations and shows. You will get an inside look of what it takes to run a company and be a part of one. You will learn the unique style that makes SwiShwiSh Dance stand out from the rest.

Depending on future fundraisers and donations, there is a possibility for pay for rehearsals and performances but there is no guarantee. We do guarantee, however, Metro cards for transportation to and from rehearsals and shows.

Showing dedication and focus is essential. We will not be able to succeed and grow if every member isn't fully committed. Attendance at every rehearsal and show is a must. For now they will be held on Friday evenings in the city until further notice.

AUDITIONS:

Will be held *Saturday, January 14th, 2012*

Time and location will be emailed to auditionees. Please make sure to contact us promptly to be able to accommodate your schedule accordingly.

Please email the following information to swishwish.dance@gmail.com:

- resume and/or brief bio
- headshot and full body dance photo

It is important to us that you understand what this company is about and you see what our style is so please check out our website at:

swishwishdance.weebly.com

If you have any questions or concerns please email the address above.

We look forward to seeing you perform at the auditions and hopefully having you become a company member!
