Dancer needed to perform at Dixon Place on February 3 for the presentation of a new play. The performance will be a mix of drama and dance elements and the other performers are all professional actors.

Looking for a dancer who is comfortable with improvisation and collaborative movement work. Will consider either a man or a woman for the role, though the character to be portrayed is a boy 17-21 years old. You will be working with a choreographer to create the character's distinctive movements.

Should be available Jan 3, 10 and 24 for workshop presentations of the work in progress. Rehearsals in the evenings 5-9 pm in January and end of December.

Please send a description of your dance/movement background and some examples of your work.
