The If/Then Dance Project, directed by Sam Householder is looking to audition several new male and female dancers to join their new company. Looking for dancers who are strong in modern and ballet with the desire to explore theatrical elements in dance.

Householder's choreography ranges in modern techniques and dance theater all of which are athletic dances with precise composition elements. Dancers who are adventurous, open and lively are encouraged to apply.

The performance will be in May at ShapeShifter Lab in Brooklyn, followed by numerous showcases throughout NYC. This multi-media dance production will explore the human experience in the layered, complex 'ghost' like bustle of energy that is New York City. Unfortunately there is no pay as of now.

Audition Date

Thu, Feb 7th. 9:00am to 11:00am

Dancewave, 45 Fourth Avenue, Brooklyn, NY 11217

Please bring a copy of your resume (headshot optional) to the audition

*Please confirm your attendance by email or phone via the following contact info.
