My name is Sheennah and I am seeking well trained dancers to choreograph pieces on and perform them in and around NYC. I have studied dance with a concentration in choreography at Long Island University. I am currently teaching in two locations on Long Island.

I am looking for dancers trained in Ballet, Jazz, and Modern (being skilled in other forms of dance is a plus). This is an UNPAID position with performance opportunities. Dancers must be able to provide their own transportation (car, train, bus, cab), be punctual, good spirited, patient, and a team player. Again this is an UNPAID position, I pay for studio time. Due to the fact that I teach during the evening, rehearsals will be during the afternoon between 12pm and 4pm, or on Sundays. If you are interested, contact me via email, sheennah423@yahoo.com. Thank You!
