DeVos Institute Internships are full-time (40 hours per week) or part-time (20-30 hours per week) unpaid opportunities that are intended to complement a student's current program of study or other employment. Thus, Internships are offered according to the academic calendar in the Fall, Spring and Summer terms. Interns may receive, complimentary tickets to Kennedy Center performances during the Internship and/or academic credit for either their college or university upon request. Please note, the Kennedy Center is not an accredited institution; therefore college credit must be granted by the Intern's current college or university.

Interns are expected to contribute between 20 and 40 hours per week during the Internship. Upon acceptance into the program, Interns develop a personalized schedule with their host department based on their availability. In addition to departmental projects, program seminars and activities are held throughout the semester. If possible, prospective applicants are encouraged to be available during this time to take full advantage of the program's benefits.

Applicants must be currently enrolled juniors or seniors in undergraduate programs, Master's candidates, or have completed a degree within the past two years.
