CounterPointe 2 - women making work on pointe.

Norte Maar in collaboration with Brooklyn Ballet is now accepting submissions for the second annual performance series featuring emerging and established women choreographers making new work on pointe.

Investigating new and old territory CounterPointe highlights new work, opens up discussion, and creates a forum for women, young or old, emerging or established, to take risks. The series is dedicated to presenting the latest work that shows a depth of investment in ballet by women dance makers choreographing with the pointe shoe.
