We have interns available for our SPRING 2014 session of Cultivating Leadership in Dance!

Pentacle seeks out to find interns who are then assigned to different Arts companies or organizations to intern for at least 8 weeks. We have a large pool of qualified and eager interns who we find from attending college career fairs, marketing through school programs, and other internet and social media sites. In order to guarantee companies that the intern will be qualified and experienced in arts administration, we have an interview process that the interns must go through beforehand. And most importantly, while the intern is working with a specific company, we provide them with weekly training seminars at our Pentacle office. These training seminars provide the intern with a network of peers for support, access to experienced guest speakers from the industry, and training in a variety of topics ranging from marketing to budgets to development, etc. The interns are then able to apply their training to their daily work with their assigned company.

Our next session begins March 3rd!

Don't miss out! We have intern sessions every Spring, Summer, and Fall.
