Introducing a new way to dance with Jessica Taylor/DD!

*Jessica Taylor/DAMAGEDANCE invites dancers and audiences to view their flaws and imperfections as opportunities for individuality and growth, encouraging a self-awareness and self-reflection that provides emotional substance and motivation for movement. DAMAGEDANCE believes that great dance results from a confluence of both physical and psychological intensity and commitment: when mind and body are equally invested, meaningful, resonant dance is created.*

You will begin with a solid and empowering warm up that will take you into moving across the floor, playing with your natural improv capabilities, connecting with other dancers through partnering and learning DAMAGEDANCE repertory as well as original choreography. In these athletically charged workshops you will fall, contort, connect with music, gain power in your movement and walk away appreciating your facility more.
