Dancers Needed for Book Project

david@davidperkinsphotography.com

Hey everyone.

I am currently working on a book project with dancers of all genres. Modern, Contemporary, Ballet... Male and Female. I have already finished several shoots recently and will send examples in my reply.

What I need from you is a headshot, a performance shot, and if possible a video of you performing.

Please visit my website to see my work and give me a shout if you are interested!
