Sensoreye Production

Due to an invitation for a dance festival in NYC we are currently looking for two dancers (male or female) to learn by video a 10min dance work. It's an opportunity to perform and be part of an Austrian dance company with the chance of further collaboration. The choreographer will be in NYC from 18-24 of May and work with the 2 selected candidates personally. The performance will be in July (dates to be confirmed). We are looking for skilled dancers with preferably good acting skills. It's a fringe production therefore no payment included. However we can provide reference letters etc. For more information please write us. We need your CV, but most importantly lots of video links in order to be able to choose the candidates from afar, and your contact information. Also a Skype address would be nice ;-). Style of Dance: Contemporary/Urban. It's a very speedy gestural composition - you'll need precision, ability to learn quick and to work well with your partner dancer.
