The Outlet Dance Project Festival, held the first week in October, seeks production assistants for the following:

--Publicity Assistants

--Production Assistants for the live dance festival.

These are both volunteer positions; however, we are happy to create an internship for students or others wanting to boost their resumes along with references/letters of recommendation for help in your future. You also receive free admission to both the Dance film festival and the live dance festival at the Grounds for Sculpture. See more on us at [www.theoutletdanceproject.com](http://www.theoutletdanceproject.com). If interested, email us your letter of interest and resume. Note that while some publicity/social media can be done online, much of what we need handled needs to be someone who can actually attend the festival in Hamilton, NJ and/or help with poster in the Central New Jersey region.
