JP Dance Group is looking for volunteers to help out during our production of Saltwater Cures Everything! at Theaterlab on 36th street, May 5th-8th. This participatory dance event is one part video-installation, one part live dance performance, and one part board-walk style beach party. Volunteers will be helping in front of house and with party concession and activities. This will be a really fun event to work, and all volunteers will receive a ticket to the performance/event on a night that they are not working.

If interested please contact [jpdancegroup@gmail.com](mailto:jpdancegroup@gmail.com)
