Are you a dedicated, passionate dancer who wants to make a difference? Join other volunteer teaching artists as they share their love of dance with children all over New York City.

House of the Roses offers homeless and at-risk children free weekly on-site dance workshops at partner outreach facilities, such as homeless shelters and community centers. We also provide the children and our teaching artists with performance opportunities at various locations, ending with a huge dance concert celebrating the success of the past year.

We are looking for dancers who love to teach, and have a free hour or two every week to visit an outreach facility with a team of other volunteers to work with the kids. Every week, you will see the kids take steps big and small, towards creative freedom and expression. You will also receive monthly training in dance and teaching techniques from our staff of qualified and experienced lead teachers. You will be in the company of other committed, energetic and talented dancers who all want to make a positive impact on childrens' lives.

Interested candidates are welcome to join us for one of both of our upcoming informational events:
