Results Announced: March 2, 2017

### About Dance Omi

Dance Omi is a unique opportunity for a collection of international dance artists to explore the process of collaboration through dance. The Residency consists of three weeks of artistic process and sharing. Uninterrupted by the constraints of lack of space, time, or other artists with whom to work, the richness of this residency is that it is an exploration. Residents are encouraged to collaborate with each other, without the pressure of having to create a performance product. It is a model for artistic process and international community building.

### Who Should Apply

Applicants active as both dancers AND choreographers, who work within any style of dance, are encouraged to apply. It is recommended that applicants do not come with specific projects in mind, but that they are open to working with others on jointly conceived projects. Applicants must have a genuine openness to collaborating with multi-national artists of diverse cultural, socio-political, linguistic and dance backgrounds.

All awarded fellows must commit to staying for the entire residency and receive full room and board during their stay at Omi. Please note that Dance Omi is unable to provide travel funds
