On Friday, October 28th, [Videology Bar & Cinema](#) is showcasing Dario Argento's giallo masterpiece "Suspiria" in a new, never before seen way - bringing the bewitching Tanz Dance Academy to life one night only for a special Suspiria dance installation. This interactive event will immerse audience members into the richly saturated fever dreams of Argento's nightmarish world, in what is guaranteed to be an unforgettable, eerie experience.

Videology is teaming up with [THE CREATORS COLLECTIVE](#) to bring together film and dance for this event, where live dance performance sequences will coincide with scenes in the film. We are seeking 4-6 dancers to participate in this screening and performance event. Dancers will be asked to attend a viewing, a rehearsal and a final tech/dress rehearsal in the two weeks leading up to the performance. This is a unique paid opportunity with a short time commitment.

Please read through the logistics of the project below and if you are interested and available, send an email to submit@thecreatorscollective.org with two work samples. The deadline to apply is Thursday, October 13th and dancers will be notified of their acceptance on Friday, October 14th.
