Erica Essner Performance Co-Op is offering subsidized Dance residencies for Public Schools, PreK-12th grade, supported in part by the Sequoia Foundation, Jody Arnhold and individuals. Students as creators, performers, and evaluators learn the Language of Dance in their "Exploration of Choreography". Students will learn to choreograph with the Language of Dance (LOD) alphabet. LOD involves the exploration, creation, and observation of movement and provides the opportunity to record dance, employing symbols. For more information on our program contact Erica Essner or review our brochure below:
