Movement Research interns, Winter 2016

Movement Research is one of the world's leading laboratories for the investigation of dance and movement-based forms. Valuing the individual artist, their creative process and their vital role within society, Movement Research is dedicated to the creation and implementation of free and low-cost programs that nurture and instigate discourse and experimentation. Movement Research strives to reflect the cultural, political and economic diversity of its moving community, including artists and audiences alike.

Movement Research offers internship opportunities to dancers of all levels, ages 18 and up. We are currently hiring for Marketing and Programming office internship positions as well as Critical Correspondence internship positions. See below for details and how to apply.

### OFFICE INTERNSHIPS (Marketing and Programming)

Minimum commitment varies, but is generally 6 months for NY residents and case by case basis for international students, 10-15 hours per week, depending on the duration of the Internship, in exchange for free classes, some free workshops and at least one MELT workshop. To apply for the Marketing or Programming internship, please submit a cover letter and resume to [info@movementresearch.org](mailto:info@movementresearch.org). Please specify the position you are interested in applying to.

#### MARKETING INTERN

The Marketing Intern assists the Media and Communications Manager with the social media accounts, press and promotional materials, website maintenance and online class listings. The ideal candidate possesses a strong work ethic, basic organizational skills, and an interest in engaging in Movement Research classes and events. Attention to detail and strong proofreading skills are a priority. Experience with Mailchimp, Medium and/or other media software a plus, in addition to a strong knowledge of social media platforms such as Facebook and Instagram.

#### PROGRAMMING INTERN

The Programming Intern works closely with the Programs and Events Coordinator to organize many of the artist programs and events including, but not limited to: Fall and Spring Workshops and Classes program, and our application based programs. Candidates should have experience with Microsoft Excel and Word, excellent writing skills, strong organizational skills, attention to detail, and the ability to work in a small, busy office environment. Knowledge of Filemaker Pro, Mac Mail program, and Google Docs not required but helpful.

### CRITICAL CORRESPONDENCE INTERNSHIP

Critical Correspondence internships are approximately 10 hrs per week. Hours may be distributed unevenly depending on season and needs. The internship term is one year. During that time, the intern will receive free Movement Research classes and some workshops.

The Critical Correspondence internship is largely self-directed and the intern will most often work from home, aside from monthly meetings. It is a good opportunity to gain experience in the field and hone editorial and critical thinking skills. To read more about this intern's tasks, visit <https://movementresearch.org/programs/internships>.

To apply for the Critical Correspondence internship, please submit a cover letter and resume to [cc@movementresearch.org](mailto:cc@movementresearch.org).
