Tony Spielberg

The 4th Annual N.C. Triad Choreography Showcase presents An Evening of Dance on Film. This is a unique film festival based in Alamance County, N.C., that features dance for the camera, dance documentaries and experimental short-films that emphasize movement. The purpose of the festival is to highlight dance in the genre of film and video and to offer cutting edge films to the greater community of Alamance County. The festival will feature a minimum of 10 adjudicated dance films. We are actively seeking films that exemplify both artistic and technical merit. Professional and student filmmakers are encouraged to apply. The festival is produced by The Kearns Dance Project and is supported by the N.C. Arts Council, a division of the Department of Natural and Cultural Resources. Please celebrate the diversity and innovation of dance on camera. Submit your work today!
