-Campus sits on over 200 acres of wooded forests and streams with late 19th century architecture (available for any site-specific work).

### Housing

-Artists are housed free-of-charge on campus. Our dining hall offers meals at an affordable rate (see website for details), and there are many dining options off campus.

### Supplies

### About Wilson College

- Founded in 1869, Wilson College is a private, coeducational liberal arts college offering bachelor's degrees in 29 majors. Since 2014, Wilson is home to a low-residency MFA program in visual arts and choreography with an internationally acclaimed faculty.

- Located in Chambersburg, PA., the college has a spring 2016 enrollment of 923, which includes students from 22 states and 16 countries.

-Cooley Gallery: All visual artists-in-residence are invited to hang work in the gallery while in residence. Wilson will host a casual reception in the gallery late in the week, once artists have had a chance to put a few ideas together.

- Collection: visual artists are asked to donate a work of art created during their residency to the Teaching Collection; finished pieces or preparatory drawings/prints are acceptable. Performance artists are asked to hold an informal showing of their work, inviting the campus community.
