Today's professional dancers are asked to improvise, reinvent steps, switch-up phrases, change musicality and make impulsive and artistic choices. Technique alone is not enough - dancers must also now be creators.

This intensive, hands-on week will provide dancers with the insights, improvisational skills and creative tools that are needed by the most sought after companies and choreographers today.

NW DANCE PROJECT is committed to offering a supportive and encouraging environment so that each dancer can develop and discover their unique creative voice. Dancers will work with NW DANCE PROJECT's extraordinary, award-winning company members as they are mentored to push and develop their creativity, ideas and versatility.

Each day will start with ballet class, followed by a contemporary technique class, following the lunch break, dancers will participate in repertoire, improvisation and choreographic development sessions.
