I am looking for a few bboys and bgirls who are interested in teaching and performing breakin' at schools and different community events. I developed a contemplative Hip - Hop dance curriculum which uses the medium of breakin' to teach space awareness and mindfulness. If you enjoy teaching and performing for and with youth this could be a good opportunity for you.

It is ideal if you have experience teaching breakin' to youth and are interested in practicing meditation and yoga with a group of hip hop heads. Auditions will take place on Tuesday, February 27th and the following Tuesday, March 6th from 7 - 9 in Ridgewood, NY. Most rehearsals will also take place in Ridgewood.
