Dara Friedman - Dancer

Shoots on March 7th (3 hours approx)

We're searching for a Middle Eastern contemporary/modern dancer for a music video of 60s folk music legend. This will be a political piece about how there is more to a person than their face and their background focusing on Middle East. We would like to collaborate with the dancer through their history and feelings while coming up with ideas for the choreography and scenes, for this reason we are seeking people who identifies as Middle Eastern.

Unpaid, but travel and meals provided. The video will be receiving publicity and exposure. Finished product will be provided for reel.

For an appointment, email headshot, resume, and dance reel to ecegul.studio@gmail.com . We will then send you a response with the concept of the music video as well as further artist information.

Thank you for your interest!
