Hello,

We are in the middle of production of the upcoming feature film by Nathan Silver and Jack Dunphy, whose films have played in festivals and venues around the world, including New York Film Festival, Venice, Tribeca, Mar del Plata, AFI, Locarno, Rotterdam, Viennale, MoMA and the Cineteca Nacional, Mexico.

We are hoping you can join us this Wednesday 5/16, 2 PM off the L train Morgan Station to help this film be a success by being an EXTRA in one of our scenes.

The scene consists of our male protagonist watching our female protagonist's dance performance.

This is what we're looking for:

BLACK/LATINX dancers ages 20-35 for impromptu dance performance starring our protagonist.

AUDIENCE MEMBERS: Do you think you would go to a dance performance on a roof on a nice day? Will you go to a dance performance on a roof on a nice day? You'll fit perfectly!

5/16 at 2PM off the L train Morgan Station. Will take roughly 4 hours.

All footage shot will be given to performers, and with this director's name, the performance will be played in several festivals around the world. The director and his crew really are a special group of people and we're hoping to make it a nice time. Unfortunately, it is not paid.

If it by chance interests you at all, please don't hesitate to call or text me at 917 363 0657 or email at Jenniferlavinmccabe@gmail.com

THANK YOU ALL FOR THE CONSIDERATION.

COME MAKE MOVIES WITH US.
