Hello!

I'm a dancer/mom in East Harlem looking for afterschool pickup babysitting 2:30-5 on weekdays. My son is five, and his school is right off the 103rd Street 6 Station. He's a very sweet, super-friendly boy- into dinosaurs, playing outside and Chitty Chitty Bang Bang. Not your typical NYC kid. We're looking to find someone for the rest of the school year that can have fun, get messy with art supplies, read in fun character voices, and likes being outside.

I'm a NYS licensed massage therapist with 7 years of experience and am hoping to find someone to barter with! My private practice consists of treating dancers, athletes, and musicians. I've worked with members of Stephen Petronio, Bill T Jones, Mark Morriss, several Broadway shows, and Sleep No More for years now. If you'd like to hear a more detailed description of my principles/techniques used, please reach out. If you're interested and have enjoyable babysitting experience, let's meet up or have a facetime/duo interview! My son and I would love to meet you!
