Interested in becoming a Brand Advocate for RESET Balance? #ResetYourRitual

RESET Balance is a new self-regulated, triple tested, pure, THC-Free CBD product so you always know what you're putting in your body.

As a nutraceutical company, RESET uses nanotechnology to extract the CBD isolate directly from the hemp plant to create a nanoliposome, which simply means this: RESET isn't an oil or a pill – it's liquid that's water soluble and therefore allows for better absorption by the body, up to 80% to be exact. For context, standard CBD oil estimates an 8% absorption rate. This means, with RESET Balance you're getting quick effects, more impact, and less stress, plus we're committed to setting the bar for the highest standards of quality, ethics and scientifically-backed natural nutraceutical products. You're getting a pharmaceutical-quality product without a prescription.

We are looking to develop long-term and meaningful relationships. To get to know us, we invite you to try RESET Balance and participate in a 7-day Reset Your Ritual: A celebration of wellness, which is about the impact of continuity and finding that exact personalized ritual that enables you to perform at the highest level, day-in, day-out. We'd love for you to be part of our journey as your insights are valuable, ranging from the impact of CBD in modifying your life, recovery + pain management, to your exact regime and how it works.
