This October, we are inviting artists to submit their original creative works to be a part of a weekend of community building art. We will be hosting a curated collection of pieces at Alchemical Theatre Laboratory to share inspiration, spread awareness of current pressing social and political concerns, and give emerging and established artists a platform to share their thoughtful work in a fully produced showcase. Proceeds will go towards communities and organizations that support environmental sustainability, and promote new art.

We are inviting submissions of the following nature:

- Dance/movement/choreographic
