Male dancer for a duet

Company: Marija Krtolica

Location: Brooklyn, NY

Compensation: Will let the dancers know

► [Share](#) | [Print](#) | [Download](#)

I am looking for a trained modern /dance-theater male dancer who enjoys intellectual investigation as well as physicality. The piece is a heterosexual duet which will explore philosophical ideas of self, other, new encounter, memory, projection onto the other and love. The rehearsals will involve improvisation, setting material and working with text as inspiration.

There will be some material compensation for both dancers. If you are interested, contact me at:
