*Wednesday, March 4th runs 10AM - 2PM

Movement for Actors is a 5-day workshop designed to support creativity, artistry, and virtuosity in movement based work. The courses cover movement technique for actors, core strengthening classes, physical improvisation skill building, choreographic studies, and expression and phrase work as well as discussions led by Artistic Director and choreographer Andrea Miller.

WHY Movement for Actors?

GALLIM's Movement for Actors dives into essential tools to access the body, its expression in physical and non-verbal movement language, technical development of the body and its virtuosity, tools for movement creativity and specifically Miller's research on essential keys to what can only be accessed through movement. The body is inextricably tied to creativity, breath, imagination, comfort with oneself, our humanity. It is the primary source of inspiration as an artist and will be the material for exploration during this week.
