The newly-forming New Jersey Theatre Dance Company (NJTDC) consists of dancers with a variety of dance backgrounds. The artistic repertoire is composed of theatrical dance, primarily to songs from Broadway musicals, though not exclusively. The choreography is buoyant, cheerful, and frolicsome, incorporating classical jazz dance styles and the styles of the more decadent realms of cabaret and burlesque. Performances are ebullient and electrifying.

We are seeking older Male and Female dancers (Company members and Apprentices), currently active or not, who have had 1 year or more of Jazz Dance training and are willing and able to grow with this new Company. Auditions will be held in New Jersey at the end of February. Exact date, time, and location will be furnished to dancers who meet the requirements.
