Our company is producing a music video for a new single from one of NYC's top up and coming female rappers. We are looking for a choreographer whose moves can compliment her style. We are looking for movement that is both sexy and strong.

-Must be available to start immediately

- Casting will be completed no later than August 16th and Rehearsals will begin immediately after. Rehearsals will be held outdoors in Brooklyn with Covid-19 safety protocols (distancing, masks, sanitizing)

- The project shoots the last week of August. Covid-19 safety protocols will be implemented for all aspects of the shoot.

Please respond with a resume or brief cover letter about yourself and your work. Please include links to videos of your work so that we can see your style. You can send this information to [wholepicturefilms@gmail.com](mailto:wholepicturefilms@gmail.com) and put 'hip hop choreographer' in the subject line.

This is a low-budget shoot for an up and coming artist. The video will be widely marketed and your choreography will be prominently featured. Great opportunity for anyone who wants to get their name out and who wants to work within the music industry.
