Covid 19 has really hurt our industry. I am the owner of a large Tribute band agency. Had 7 of 9 shows working steadily world wide until the pandemic hit! What i am doing now is re-inventing my company by doing "Less Musicians...& More Entertainment.. I am adding 3 new shows and revamping 2 existing shows. The new concept is offering the Artist with Female DJ / Tracks, 3 Dancers. Thats it! Something Las Vegas Style small delivering intense impact. We are scheduling a new promotional video shoot 10/27/2020 long island location. Unfortunatially the ONLY guarentee we can give anyone is a very standard company contract offering you the first rite of refusal on all shows that require dancers. The day of the shoot we will provide food and a great shot to create something new!
