NYC Dancers and Beyond! We are thrilled to announce the launch of our Winter Intensive for professional and pre-professional dancers, offering modern and contemporary technique class, composition class and improvisation class virtual experiences!

Date: January 11th-15th, 2021. 12:30pm-2:00pm EST for technique & 3:00pm-5:00pm for improvisation and composition

Students may sign up for the full intensive, select days, or single drop-in session. Please reach out 24 hours in advance so we can plan accordingly.

This Winter Intensive will further BodyStories' Mission of unleashing creativity and empowerment in dancers and developing a deeper understanding of the relationship between art and activism. Together we will hone in on our technique, composition and improvisation skills through partnering movement, music, and text, in addition to investigating the relationship between dance and social justice. You won't want to miss out on this opportunity! Exploring dance virtually, although new and challenging, has allowed us the opportunity to grow as movers and artists; dancing within our confines, adapting to our environments, and broadening our minds.

Suggested donation for classes at \$10 or \$15 dollars.

Please do not hesitate to reach out for any financial assistance or scholarship needed. We are completely open to meeting all participants where they are financially during this time.

All classes will be held on Zoom
