## 6th annual eating disorder awareness show

Company: Borne Dance Company

► [Share](#) | [Print](#) | [Download](#)

Borne Dance Company will be hosting their six annual eating disorder awareness show in honor of the National Eating Disorder Association's (NEDA) Eating Disorder Awareness Week on Saturday February 27 and Sun February 28. This time our show will be virtual!! This is a benefit show devoted to the education and prevention of eating disorders. We will be live streaming a series of pre recorded videos submitted by other artists and will be also be presenting live material as well. We are looking for artists of all backgrounds to donate their pre recorded videos to this cause. Choreographers, musicians, visual artists, actors, photographers, and artists of all kinds are welcome to apply. All pieces must be five minutes long or less and must fit in within the themes of recovery, body positivity, and mental well being. Please apply by emailing [BorneDanceCompany@gmail.com](mailto:BorneDanceCompany@gmail.com) with a description of how your work fits our theme and the video you would like to present. Unfortunately, because the show is a benefit show we will not be able to pay artists for their time and work, but we hope you will join us in the celebration of healthy body and minds in the spirit of recovery! Please note that applications must be appropriate for all ages. Applications must be in by February 1. Thank you and we look forward to hearing from you! Check us out at [BorneDance.com](http://BorneDance.com)!
