Do you need a dance reel or need yours updated?

Does your new work need a trailer or promo video?

Do you need help organizing your work samples?

As you know, especially in light of the COVID-19 pandemic and everything going virtual, having high quality samples is important. As a dancer and choreographer, I've created several reels, promo videos, screendances, you name it! I have advanced video and music editing skills and want to help you put your best foot forward.

Here are some samples of things I've made:
