Triskelion Arts

Our annual [Resident Artist Program](#) offers support and resources for selected NYC-based, movement-based artists to explore their creative process. This year's program will host residencies for artists engaged in solo practice and includes a month-long studio residency and video documentation. Each residency culminates with a virtual publication of the [TRISK ZINE](#), dedicated to the ideas developed during the residency. Resident Artists are curated through an open application process, with the final selection chosen in collaboration with a rotating panel of peer artists. The goal of this program is to support the artistic process and to provide space and time to put practice into action.

Art is process.

Residency recipients are offered:

Fully-subsidized, month-long residency: 52 hours of rehearsal space to be used in (13) 4-hour blocks of studio time in Spring 2021.

In-studio video documentation by The Fleet.

The TRISK ZINE digitally published with interactive features that engage audiences virtually. The zine capabilities include embedded video, photos, text, audio, gifs, links, tags, and more. [View past issues here.](#)
