Calling all dancers! How did the pandemic affect your training and your well-being? We want to know!

We, Drs. Marissa Schaeffer, PT, DPT, CSCS and Sheyi Ojofeitimi, DPT, OCS, CFMT, CIDN are collaborating with Columbia University's Program in Physical Therapy to examine the effects of the COVID-related shutdown on the dance community. If you are a pre-professional or professional dancer, would you help us by taking this brief 10-15min survey? All surveys results are anonymous and completely confidential. We sincerely appreciate your help in this project. We believe research like this is exceptionally important to help return our dancers successfully back to stage.

Thank you!
