We are looking for a videographer who will be available to work with us on the 9th and 10th of April. The event is called *"Falling in Dance: Deeper into the world of dance"* and works as a way to gather artists from different backgrounds. Our goal is to give opportunities to artists so that they can express themselves freely in as many places as possible. As such, this two day festival was born.

Videos: We would like 1 promotional video and 2 performance videos (1 for each day).

Camera requirements: We have a pole in the center of our studio, we'd like to work with at least 2 cameras so that we can capture both angles/sides.
