[sarAika](#) is a movement collective based in New York since 2021, funded by [Aika Takeshima](#) and [Sara Pizzi](#). sarAika is dedicated to making art about and for humans. We want to create a bridge of connection between artists and non artists. The goal is to create awareness and reflection on actual global social issues we tend to forget. sarAika wants to break the concept of standard performance creating collaborative, conceptual, interactive art experiences.

We've got the opportunity to dance for the first-ever Japan Parade in New York City on Saturday, May 14th as representatives of [JAANY \(Japanese Artists Association of New York\)](#).

This is a volunteer opportunity for us and you, your support and presence cannot be compensated, but it will be a very meaningful opportunity and a lot of fun for all the representative and supporters of the Japanese Community!

They and we are all very very excited for their first-ever parade and JAANY's 50th anniversary. There will be a JAPAN STREET FAIR at the goal area: George Takei(Star Trek actor) promotes this parade, Japanese TV broadcasts are coming, and 90 organizations will participate.
