Shannon Yu

Hi there:)

My name is Shannon, I am a dancer-choreographer and a photographer based in Brooklyn.

I specialize in no set-up photography, meaning I will come in as the environment already is, that could be rehearsal space, park, streets, theater...etc, and work with the space and whoever is it in. And I would like to photograph more moving bodies!!

You can check out my work on my website [here](#), or my instagram [@imageworkshannon](#)

I would love to photograph your rehearsals, performances, any kind of promo photos, or some movement or concept shoots. Send me an email with what you have in mind, and we can talk about more details and rates!
